**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a competitive provider because the service is cheaper, better, and more individual in it's scope. This competitiveness creates a greater service for all people, not just the users of the alternative services. We use broadband for the full array of services from phone to internet services. Please do not stifle competitiveness at the local level.
